Scott White and Hookins provide a range of professional consultancy services to the Hospitality Sector.

There has been a high demand for hotel rooms since the London Olympic Games and is continuing at pace.

For many years we have been working closely with Restaurant Owners, Breweries, Public Houses and Hoteliers to help make their environments clear, efficient and appealing.

Through an intuitive understanding of the client needs and guests preferences, we work alongside other stakeholders to create environments that are tailored to each unique location.

Projects vary in size from small scale Public House refurbishments and extensions to large new build hotels in both "Greenfield" and challenging inner city locations.

At Scott White and Hookins, we work closely with design and development teams to provide the best value solutions in this competitive market.
