

Project Profile :: Industrial Workshop Creative Village, Workshop

Client: Bassetlaw District Council

Scott White and Hookins' Role:

 BREEAM Assessors

Target rating- Very Good
BREEAM **Very Good** Certified

Refurbishment work to series of old redundant industrial buildings to convert these into a collection of small offices and studios for creative industry start-up companies.

Extensive reuse of structure combined with upgrades to insulation, services and metering helped the project improve its energy efficiency whilst maintaining character and scoring very highly in the materials section of the assessment towards achieving its BREEAM rating goal.
